Good afternoon Dr. Leath,

My name is Ashley Borjon, I am a Ph.D. student at the University of California, Merced. I am beginning my research on ADHD; specifically looking at which students are being medicalized and which are criminalized. I have reviewed your article on the engagement outcomes that differ based on racial identity and discrimination. I want to request access to your data source (data and code).

Thank you for your time,

ASHLEY BORJON
